

Tallaje

El cliente puede utilizar estas tablas para confirmar qué talla necesita*.

Las medidas que aportamos en las tablas son medidas anatómicas, tomadas del cuerpo humano desnudo y no de la prenda como tal. Cuando fabricamos una prenda, debemos agregar una holgura para conseguir la comodidad y confort que se desea. Dicha holgura varía según el diseño, tejido, sexo, etc. Conviértiéndola en una prenda más o menos entallada.

*No todas las series están disponibles en todas las tallas.
